ADDENDUM 1:

Attn.: All Prospective Bidders

RE: GF ATM MAL NFM-2021 / 2022-OIT-01 - SUPPLY OF ANTI- MALARIA MEDICINES

In accordance with IFT Clause 27.1 (Clarification of Tenders) of the Open International Tender (OIT) issued under the above reference, we hereby respond to questions raised by a prospective bidder as follows:

Question 1:

Are the first two items namely Artemether Lumefantrine Tablets 20/120mg, (6's) and Artemether Lumefantrine Tablets 20/120mg, (12's) normal tablets or dispersible tablets?

Response:

Yes, the Artemether/lumefantrine 20/120mg dose of 6 tablets and the Artemether/lumefantrine 20/120mg dose of 12 tablets are dispersible tablets as per specifications.

Question 2:

Are these mono packs e.g.6x1 or 6x30 as indicated in the second table below ?

Response:

The **Quantity Unit Packs Offered** indicates the number of doses. Each pack should have 30 doses.

Question 3:

Are the **Quantity Unit Packs Offered** indicated here pack sizes or treatment quantities which means if they are treatment sizes we have to divide the indicated number by 24 to get to pack sizes?

Response:

The Quantity Unit Packs Offered indicates the number of doses. Each pack should have 30 doses. Therefore, to get the total number of packs divide the Quantity Unit Packs offered by 30.

Yours faithfully,

EDWARD BULUMA
FOR: Ag. CHIEF EXECUTIVE OFFICER
